"Very kind man, he takes the time to go over options not just rush in and do work you haven't authorized to do! He is so willing to help with what your needs are and help you feel comfortable about the decisions you make! I found it refreshing to find a dentist that Allows you to make the decision on what is affordable to you. .... By not going to him you are missing out on a good experience, he makes you feel important.... Thank you Bishop Family Dental you made me feel so at ease, you are one in a million!! -Sheri E.

I found a very peaceful and kind experience awaited me yesterday. I was a "get you in" appointment because of an urgent problem. Dr. Bishop is extraordinary, calm and patient. He is kind to his assistant. That means a lot to me. My teeth look great ! Thank you! -Camilla Z.

# Discount Dental Plan

## Discount Plan Purpose

The purpose of the Dental Discount Plan is to help our patients avoid paying more than they need to whether they have insurance or not. Many patients pay monthly premiums, copays, and coinsurance payments that exceed the benefits they receive. Most insurance companies limit your benefits to an annual maximum of \$1000 or less. They usually have stipulations such as long waiting periods for benefits, missing tooth clauses, and denials in coverage for various other reasons. Because of this we at Bishop Family Dental have decided to provide an alternative.

We are willing to give huge discounts off of our fees to those who will commit to regular 6 month cleanings and exams. The price of this membership plan is less than the cost of two checkups per year. On a yearly plan an individual will save up to \$155 and a family of 4 will save up to \$1091 compared to regular fees during the first year. This does not include the unlimited savings on any treatment needed.
